Who we are

Berlink is a German company concerned with the development of international mobility projects within the Erasmus+ programme.

We receive students from all over Europe and we organise for them work placements in different vocational areas and learning outcomes assessment following the European Credit Transfer System for Vocational Education and Training (ECVET) procedure. Berlink also organises professional visits, seminars and socio-cultural programmes.

Our mission is to provide quality training experiences in order to increase beneficiaries' career prospects and personal prosperity.

Berlin has become in the last years one of the most exciting cities in Europe, and is the ideal destination for a fruitful training and life experience.

Services

≈ Organisation of Work Placements

We provide Work Placements according to the trainees' CVs, their previous professional experience and their language skills. We provide definition of Memorandum of Understanding and learning agreement, assessment of learning outcomes and training counselling following the ECVET procedure.

≈ Organisation of Professional Visits and Seminars

We organise Professional Visits and Seminars for teachers, trainers and people employed in the training environment.

≈ Welfare, Tutoring and Follow Up

We welcome all our participants by providing them with a Welcome KIT on arrival, organizing a Welcome Meeting and City Tour on the first day and we guarantee 24/7 personal and professional support, thanks to our specialised staff. We organise first day introductions to work placement companies and fortnightly monitoring meetings with participants, to ensure that the whole experience is continually monitoring and assessed.

The whole experience is assessed through special tools: Participant Handbook, Company Handbook and Skills Portfolio. We also provide Europass Mobility Certification and Final Reporting concerning the whole experience.

≈ German Language Courses

Language courses are taught by teachers specialised in teaching German as a Foreign Language. The teaching method is based on communication. Students actively exercise the four fundamental functions of the language: listening, speaking, reading and writing. Particular attention, however, is given to conversation, to develop an increasing capacity to express himself and communicate in the foreign language from the beginning of the course.

≈ Accommodation

Participants are usually accommodated in fully equipped and comfortable flats shared with other beneficiaries. Participants can be also accommodated in hotels or hostels (usually for short stay programmes).

≈ Maintenance/Pocket Money

Participants accommodated on a self-catering basis receive weekly pocket money to cover food costs.

Participants staying in hotels and hostels are provided with full board accommodation (3 meals / day).

≈ Transfer to/from Airport

We organise the transfer by private bus or taxi at the participants arrival and departure.

≈ Local Transport

We provide participants with a weekly or monthly transport pass.

≈ Cultural Activities

We organise a wide range of visits to the most important cities and monuments in the area.

≈ Certificates

At the end of the programme, Berlink issues both a language course and a work placement certificate.

Also a certificate signed by the hosting company is given to the participants. If the project requires us to follow the ECVET procedure, we provide all the documents requested for the assessment and Europass Mobility Certificate.

≈ Europass

Berlink cooperates actively with the sending organisation for issuing the Europass Certificate.

≈ Final Report

At the end of the programme, we prepare a final report containing information about the project (work placement companies, professional visits, evaluations, pictures, etc...) for the sending organisation.
